## Robert F Kennedy UNLOADS on Bill Gates

Robert F. Kennedy's daughter, who was fighting Bill Gates on vaccine policy, mysteriously ended up dying along with her boy in a "freak canoe accident". Obviously it's not hard to get two bodies dead from asphyxiation loaded onto a canoe and then tip the canoe over in deep water, but the BIG mystery is how both bodies sank to the bottom when dead women float breast up. So obviously Robert is pissed, and he is now letting it all out. See these quotes from Robert with regard to Bill Gates:

This was all said on April 8 2020:

Vaccines, for Bill Gates, are a strategic philanthropy that feed his many vaccine-related businesses (including Microsoft's ambition to control a global vac ID enterprise) and give him dictatorial control over global health policy - the spear tip of corporate neo-imperialism.

Gates' obsession with vaccines seems fueled by a messianic conviction that he is ordained to save the world with technology and a god-like willingness to experiment with the lives of "lesser humans."

Promising to eradicate Polio with \$1.2 billion, Gates took control of India's National Advisory Board (NAB) and mandated 50 polio vaccines (up from 5) to every child before age 5. Indian doctors blame the Gates campaign for a devastating vaccine-strain polio epidemic that paralyzed 496,000 children between 2000 and 2017.

In 2017, the Indian Government dialed back Gates' vaccine regimen and evicted Gates and his cronies from the NAB. Polio paralysis rates dropped precipitously. In 2017, the World Health Organization reluctantly admitted that the global polio explosion is predominantly vaccine strain, meaning it is coming from Gates' Vaccine Program. The most frightening epidemics in Congo, the Philippines, and Afghanistan are all linked to Gates' vaccines. By 2018, ¾ of global polio cases were from Gates' vaccines.

In 2014, the Gates Foundation funded tests of experimental HPV vaccines, developed by GSK and Merck, on 23000 young girls in remote Indian provinces.

Approximately 1,200 suffered severe side effects, including autoimmune and fertility disorders. Seven died. Indian government investigations charged that Gates funded researchers committed pervasive ethical violations: pressuring vulnerable village girls into the trial, bullying parents, forging consent forms, and refusing medical care to the injured girls. The case is now in the country's Supreme Court.

In 2010, the Gates Foundation funded a trial of a GSK's experimental malaria vaccine, killing 151 African infants and causing serious adverse effects including paralysis, seizure, and febrile convulsions to 1048 of the 5049 children.

During Gates' 2002 MenAfriVac campaign in Sub-Saharan Africa, Gates' operatives forcibly vaccinated thousands of African children against meningitis. Between 50 and 500 children developed paralysis. South African newspapers complained, "We are guinea pigs for the drug makers." Nelson Mandela's former Senior Economist, Professor Patrick Bond, describes Gates' philanthropic practices as "ruthless and immoral."

In 2010, Gates committed \$10 billion to the WHO promising to reduce population, in part, through new vaccines. A month later, Gates told a Ted Talk that new vaccines "could reduce population". In 2014, Kenya's Catholic Doctors Association accused the WHO of chemically sterilizing millions of unwilling Kenyan women with a phony "tetanus" vaccine campaign. Independent labs found the sterility formula in every vaccine tested. After denying the charges, WHO finally admitted it had been developing sterility vaccines for over a decade. Similar accusations came from Tanzania, Nicaragua, Mexico, and the Philippines.

A 2017 study (Morgensen et al. 2017) showed that WHO's popular DTP vaccine is killing more African children than the diseases it pretends to prevent. Vaccinated girls suffer 10x the death rate of unvaccinated children. Gates and WHO have refused to recall the lethal vaccine which WHO forces upon millions of African children annually.

Global public health advocates around the world accuse Gates of hijacking WHO's agenda away from the projects that are proven to curb infectious diseases; clean water, hygiene, nutrition, and economic development. They say he has diverted agency resources to serve his personal fetish-that good health only comes in a syringe.

In addition to using his philanthropy to control WHO, UNICEF, GAVI and PATH, Gates funds private pharmaceutical companies that manufacture vaccines, and a massive network of pharmaceutical-industry front groups that broadcast deceptive propaganda, develop fraudulent studies, conduct surveillance and psychological operations against vaccine hesitancy and use Gates' power and money to silence dissent and coerce compliance. In his recent nonstop Pharmedica appearances, Gates appears gleeful that the Covid-19 crisis will give him the opportunity to force his third-world vaccine programs on American children.

## Coronavirus motives now showing in MSM reports

There are several British papers that are giving up the game on Coronavirus (or at least part of it). Their reports are stating that people are now being fined for buying non-essential items. What have they defined non-essential to now? Potato chips, donuts, cookies, and recreational drinks (so far) and if the list includes that, it will also obviously eventually include other things you "don't really need" such as musical instruments, entertainment systems, cars, spices and anything else you would not actually physically die without. You can forget buying roller skates, baseball bats, football cleats and whatever else also.

It was said EARLY ON in this "coronavirus crisis" that "people would have to learn to live with less" but they never said why. It is becoming obvious WHY - they are going to shut down a LOT of factories and they will never be re-opened and I would not doubt the prospect of goons going around and stripping everyone of everything they don't absolutely need - that they already had before this. De-industrialization and an extreme downgrade in standard of living is going to be a major goal here, "you don't need a 3 bedroom home, you really can live in a 100 square foot room with a squat toilet and stove".

I never thought they'd get away with doing that, but if they are fining people for buying potato chips and ding dongs, that's where we are headed. Do not throw away ANYTHING now, because it may be the last "whatever it is" you will EVER HAVE.

They are filling out their wish lists with coronavirus, - getting agenda 21 in place in one fell swoop on this patent political hoax. The end game was to get people out of their cars and out of their nice homes and into 100 square foot slave quarters. Remember all the past conspiracy crap? Well, it was not crap. And I will flatly guarantee you that even bicycles will be "destroying the environment" within the next 20 years, they want those gone too. They want every last thing gone that can amplify anyone's ability to travel unless that travel is happening fully logged in a transit system THEY OWN.

It is not about the environment, it is about YOU living with less, while THEY own the sky above you like gods. How bad will it get? Probably all the way down to sleeping on dirt, every year they are going to want new ways to prove they are better than you by taking away more. Arrogance and superiority over others is a major component of what they are doing, and they are going to minimize their subjects down to the absolute lowest level possible that will at least allow their subjects to produce . . . . FOR THEM.

Here is what is wrong with calling that statement false: Bill Gates has operated above the law since 1990. He destroyed stac electronics, destroyed WordPerfect and wiped out Lotus 1-2-3 by simply stealing their code and putting it straight into his operating systems and office products. I was one of the lucky few to get the VERY FIRST Microsoft dos 6.0 disks on DAY ONE, I installed it immediately and after watching their little "we are so proud of it" disc compression pitch, I typed dblspace at the command prompt AND FOR 1/4 SECOND, IMMEDIATELY AFTER HITTING ENTER IT SAID "STACKER, BY STAC ELECTRONICS". Microsoft immediately recalled the product, and released their patch the same week and the only difference was Stacker's install screen did not show up.
