

The 2005 Australia Nugget Proof Issues

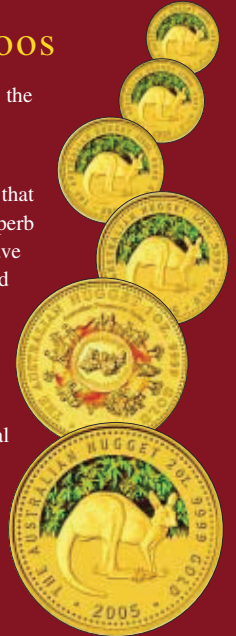

The First-Ever Coloured Kangaroos

The world's largest nugget - the 2,284 Ounce Welcome Stranger is the centrepiece of the 2005 1 Ounce Gold Nugget.

Along with this new design, all of the 2005 Proof Kangaroos incorporate colour as part of their designs. This is the first time that colour has been used on Australia's Kangaroo series and the superb effect is sure to tempt collectors worldwide. As the mintages have remained the same as 2004 we suggest that early ordering would be advised to secure these historic coloured kangaroos.

Each coin or set is presented in a timber presentation case with certificate of authenticity. No more than 500 Five Coin Sets, 200 2 Ounce Proofs, 250 individual 1/4 Ounce Proofs and 500 individual 1/10 Ounce Proofs will be issued. All releases are available at the Official Issue Prices.
